YOUTH & ADULT LEAGUES NOW FORMING!

Just what is league bowling?

✓ League bowling is a group of people getting together to bowl on a competitive basis. League bowlers consist of people of all age groups, all walks of life, and all levels of athletic skills. Leagues are organized with various numbers of teams consisting of all men, all women, or a combination of men and women. These leagues meet on a regularly scheduled basis, normally once a week, to compete against each other as teams. Some compete for prize money, some for trophies, *but all of them compete for the fun of bowling!*

✓ League bowling becomes a more equal form of competition because of its handicap system. An inexperienced bowler can compete with a bowler of more experience and skill and still have a chance to win.

✓ League bowling is an inexpensive night out, giving you a chance to make new friends, compete on an equal basis, and be assured that you will have lanes to bowl on each week at a time that is suitable to your own personal schedule. To put it simply, in relationship to any other competitive athletic event, league bowling is the best buy in town!

The cost of league bowling

✓ Each league bowler pays a weekly fee to his/her league. These monies are usually collected by the league's treasurer or secretary. The total weekly fee has three component parts: **Lineage** — This is the amount paid to the bowling center for games bowled by the league and pay for league record service. League lineage prices vary depending upon the type of league (i.e. youth, senior citizen, non-senior adult) and the time when the league bowls (i.e. daytime or evening). **Prize Fund** — If the league's membership, at its organizational meeting, chooses to create an end-of-season prize fund for cash distributions, a dinner, or some other purpose, this amount will be prorated and will be included in each bowler's weekly fee. **Secretarial Fee** — This is a small fee paid to the league secretary for doing the administrative work for the league.

How do you join a league?

✓ Each league is different and has its own unique "personality." Leagues range from very competitive with large prize funds to those which are purely social with little or no prize funds.

✓ You can sign up with a friend or with an entire team. If you're joining alone, we will place you on a team. All you have to do is inquire at the customer service desk. A center representative will be happy to help you find the **PERFECT** league!
